Natural Wonders on Sanibel & Captiva Island

Bottlenose Dolphin

The Bottlenose Dolphin is a very social mammal that travels in pods of two to six. They tend to eat up to an enormous 40 lbs. of fish per day and grow to eight to ten feet and weigh 800—1000 lbs., surfacing frequently for air. As friendly as they appear, please do not attempt to feed or interact with them.

Size: 7.5 –9.5 ft Weight: 330-1,400 lb

West Indian Manatee

Found in shallow, slow-moving bays, canals and coastal areas. On Sanibel you can find them at the "Ding" Darling Wildlife Refuge, the Manatees are gentle and slow-moving. Most of their time is spent by eating, resting and in travel. Listed as an endangered species.

Size: 10—15.2 ft Weight: 880-3,300 lb

Enjoy your stay at the Sundial Beach & Golf Resort!
